

XELLO, The New Career Cruising

Xello helps students discover the pathway that's right for them, whether it involves a trade, college, university, entrepreneurship, or other training. As students gain self-knowledge through assessments and reflection, they save careers, schools, programs, and experiences to form a vibrant, visual roadmap that's easy to update and share. Keeping up with every student's aspirations, schedule, and plans shouldn't be overwhelming. Lay the groundwork for focused conversations with students using Xello's activity-tracking tools and progress reports, and quickly identify those who need additional support. Today's students will encounter careers we can't even imagine. With Xello, you can guide them through all aspects of post-secondary planning and decision-making while helping them build a solid foundation of self-awareness and critical reflection.

The image displays six screenshots from the Xello application, each showing a different assessment result:

- PERSONALITY STYLE:** A circular diagram with six personality types: Builder (red), Thinker (orange), Creator (yellow), Helper (grey), Persuader (grey), and Organizer (grey). The Builder type is highlighted in red.
- LEARNING STYLE:** A circular diagram with three learning styles: Visual (45%), Tactile (35%), and Auditory (20%). The Visual and Tactile styles are highlighted in green and purple respectively. Below the diagram, it says "You are a Visual-Tactile Learner".
- EDUCATION GOAL:** A section titled "My goal: University" with a sub-note "Also show careers that require: High School, College or Apprenticeship". Below this is a section for "FAVOURITE CLUSTERS" with categories like Arts & Culture, Computers & Telecom, Fashion & Design, and Medical & Health.
- SKILLS:** A list of skills with star ratings: Presenting (3 stars), Mischief (4 stars), Detail-Oriented (4 stars), Charismatic (3 stars), Empowering Others (3 stars), and Entrepreneurship (3 stars).
- INTERESTS:** A list of interests with icons: Soccer, Astronomy, Computers, Electronics, Physics, and Chemistry.
- PLACES:** A world map with markers for Birthplace (California, United States), Live in (Toronto, Ontario, Canada), and Family roots (Bethesda, Maryland, United States and Buenos Aires, Autonomous City Of Buenos Aires, Arg).
