

# Beyond the Slideshow

Google Slide Activities for All Subjects

March 20, 2019

We all know *Google Slides* is a great tool for making multimedia slideshows. But did you know it can also be used to make a "Choose Your Own Adventure" style stories, interactive quizzes, online comic strips, storybooks, stop-motion animation, manipulatives, formative feedback in class, peer editing activities and more? In this PD we will explore these and more non-traditional uses for Slides. Learn how students can use *Google Slides* to express themselves in more ways than just a presentation!

**Only \$25 for the full day PD**

Leave with engaging activities to use immediately in your classroom!
